

# **Invitation to Teach in Kosovo | Summer School 10-15 July 2023 | Universum College, Kosovo**

We are happy to announce and invite your teaching staff to participate at our Summer School:

**"Developing a Sustainable future: Circular Economy, Climate, Energy and Environmental Policy"** that will take place on the dates of 10-15th of July 2023.

Participants are invited under the framework of **Erasmus+ Staff Mobility for Teaching**.

The program will have teaching hours in English on the topics of:

- **Sustainable Future: Circular Economy**
- **Sustainable Future: Climate**
- **Sustainable Future: Energy**
- **Sustainable Future: Environmental Policy**

## **[Application Form](#)**

The staff will be lecturing to Kosovo and international students, whom at the end of the school will be awarded 4 ECTS.

This will contribute to our Internationalization at Home strategy and benefit both parties academically and culturally. More information, please find the [Draft Concept Note](#) of the Summer School.

In addition to the teaching program there will be organized cultural and networking activities!
