of Engineering Science, European Master of Logistics**

**July 03-15, 2017
St. Petersburg, Russia**

INTERNATIONAL SUMMER SCHOOL 2017
PORT-ORIENTED LOGISTICS IN THE BALTIC REGION
July 03-15, 2017

Admiral Makarov State University of Maritime and Inland Shipping (AMSUMIS) is the Russia's largest and high-ranked university providing maritime, logistics and port business education at the highest international level of excellence.

AMSUMIS background goes back to the year of 1876 when the nautical classes were established. Since then AMSUMIS has developed into the largest university with its huge academic and research capacity in the maritime industry area as well as in port, logistics and transport management.

The International Summer School "Port-Oriented Logistics in the Baltic Region" offers an intensive learning experience in the atmosphere of Saint-Petersburg culture, inspiration and leisure.

The participants will learn both the main global trends in maritime industry and local features of port development. The lecturers cover the current state and forecasts of the port sector evolution on North-West Russia. The theoretical approaches for port development goes parallel with practical seminars and field visits to large St. Petersburg terminals.
