**ANNOUNCEMENT**

Facing a challenging time due to Covid19 Pandemic, the International Relations Office would like to inform all the Erasmus incoming students and staff, that certain measures, provided by the Greek government, should be taken in order minimize the danger and stay safe.

From Saturday 7/11/2020 and for at least three weeks, the whole country is on lockdown. That means that you can only leave your house for specific urgent reasons and you will have to carry a form (printed, SMS or handwritten) and your ID with you. You can find instructions on how to do the whole process on the webpage of ESN UNIPI : <https://esngreece.gr/covid-19-faqs>

We would also like to inform you, that the University restaurant will be open for takeaway packages.

The University of Piraeus premises will be closed until the lockdown is over, but the International Relations Office will be open and you can contact us through mail and phone.
