Animal Production Specialist (Erasmus+ Internship in Agriculture)

Location: West Slovakia Region

Start: Flexible 2018

Duration: 5 months minimum

Working language: English

This internship is a part of the Placement Slovakia program. All applying candidates have to be confirmed to receive an Erasmus+ agreement by their education institution covering the whole internship period.

Company profile:

This opportunity is working for the biggest agro company in Slovakia, specializing on the production of quality agricultural products in Slovakia. The company was established in 2003 and today consists of several farming units in Slovakia specialized in pigs, eggs, plant and fodder production. The core of the company is a pig production and they are one of the biggest producers in Slovakia with 150.000 fatteners a year. We have a yearly production of almost 50 million eggs and produce crops on app. 6.000 ha. Most of the grains are utilized in the groups of two fodder factories.

Position description:

The trainee will be working in a team of agro specialists on the farm/production factory and the tasks will include farrowing, injecting pigs, weaning and nursery and other.

Qualifications:

- Education in the field of animal production
- Good level of English
- Flexible and positive with proactive approach to work
- Good team player

Knowledge, skills and competence to be acquired:

Trainee will get an opportunity to gain practical skills in the animal production sector, learn from the local and international specialists and be a part of a team working on the development of the production with modern approach.

Benefits:

- Free accommodation provided
- Possibility of getting a permanent employment offer within a company after the internship
- Standard support by our team, for more details check www.placementslovakia.com
