RECTOR OF
THE PIRAEUS UNIVERSITY OF APPLIED SCIENCES
PROF. ANGELOS KOTIOS

Dear Mr. Kotios,

I am glad to invite the students of your University to participate in annual Churkin Moscow International Model United Nations (C-MIMUN) 2022, held by the United Nations Association of Russia and the Moscow State Institute of International Relations (MGIMO-University) under the auspices of the World Federation of the United Nations Associations. The program of the Model is attached below.

The Model is to take place in Moscow on **April 17-22, 2022** at MGIMO University*.

Our Model UN is well-known not only in Russia: around 700 delegates from different countries participate in the event annually. The work of thirteen committees is to be modeled in Russian, English, French, Spanish, Arabic, and Chinese. To provide a high level of discussions, the Secretariat conducts a thorough selection of participants and begins working with future delegates shortly after the registration. This year's registration already opened **on November 1**.

It is strongly recommended to the participants to arrive in Moscow before C-MIMUN starts in order to take part in preparatory training. During the training participants will get additional useful information on the functioning of the Model and get answers to questions that they might still have. More detailed information on the Model's agenda, application procedure and preparation for C-MIMUN can be found on the web site [**www.modelun.ru**](http://www.modelun.ru).

I hope that the cooperation will be fruitful and I would be glad to welcome students of your University at C-MIMUN 2022.

Warm regards,

Chairman of the UNA of Russia,
Rector of MGIMO-University

Anatoly Torkunov

*Due to the COVID-19 pandemic, the format of the event may change. As soon as we know the exact information, we will inform you immediately.
