

Sign up today for Complimentary Student Membership

University of Piraeus - School of Maritime & Industrial Studies - is working in partnership with the **Institute of Marine Engineering Science & Technology (IMarEST)**, to further support your academic studies and your initial professional development with complimentary student membership of the IMarEST during your undergraduate and postgraduate studies.

Signing up will take less than two minutes, and you will be able to use the 'SIMarEST' post-nominals to show commitment to your career for future employers which will set you aside from others when looking for a job.

Our ethos to "inspire, support, and develop the future generation of marine professionals".

So, what else do you get?

You get the total support from a truly global professional body throughout your studies and into your career.

Support your studies through access to IMarEST Knowledge Networks

- Complimentary Access to our Virtual Online Resource centre
- Access to Leading Industry Magazines
- Chance to Access Awards and Scholarships
- Opportunity to Build your Professional Marine Network

Build the foundations and enhance your career in the marine sector

- Access to careers seminars and advice
- Support with professional development

Meet and develop a network of marine professionals

Make waves in your early career and Sea Your Future develop!
